NUMBER 21

Found Dead in Bed.

Charles Crowell, a well-known citizen of Maysville, was found dead in bed there Sunday at noon. He was about 50 years of age. A wife, daughter and two brothers, Simon and Geo. Crowell, survive him. Deceased had been ill for some time, but his death was unexpected. Heart failure was the cause.

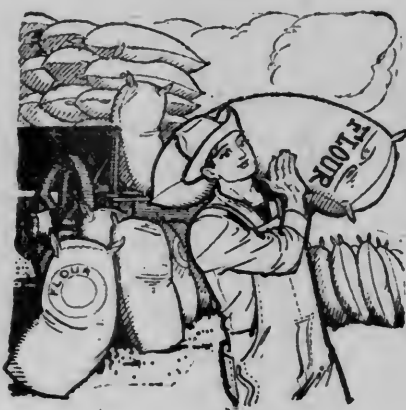

ANNOUNCEMENT.

We are authorized to announce J. Campbell Cantrill as a candidate for re-election to Congress from the Seventh Kentucky Congressional District, subject to the action of the Democratic party.

Important Meeting.

The Bourbon County School improvement League will hold a most important meeting Saturday, Mar. 19, at two o'clock at the court house. At this time the report of the work that has been accomplished during the past year will be given, plans for the future will be made, and officers elected for the ensuing year.

The members of the local leagues are urged to attend. The public is cordially invited.

Just One Sack of Flour

The Paris Milling Co.

Bourbon Circuit Court Convenes.

The March term of the Bourbon Circuit Court convened yesterday morning with Judge Robert L. Stout presiding and the Commonwealth being represented by Robert B. Franklin.

Commonwealth's Attorney Franklin filed his notice of election and received the legal obligation, Circuit Clerk W. H. Webb administering the oath of office, after which the grand jury members were called and charged by the court. The grand jury is as follows: Warren Rogers, foreman; Ray Cunningham, Samuel Clay, C. W. Howard, N. F. Brent, J. A. Larue, T. W. Current, Ed Rice, J. W. Bedford, James T. Estes, J. Will Thomas, J. Frank Clay.

The charge delivered to the grand jury was brief but to the point. He laid particular stress upon the investigation by the jury into many cases of vagrancy, which, he stated, menaced each community, and that Paris was no exception. He further stated that the vagrant was the foundation for many a crime, principally in the cases of theft, where idle fellows were permitted to loiter about the streets, having no means of a livelihood would resort to petty crimes when faced by necessity.

Judge Stout called the attention of the jury to the liquor traffic, violations of the Sunday laws, etc., laying particular stress upon the selling of liquor to minors. He stated that in cases where boys were denied the privilege of purchasing whisky over the counter until he has attained his majority, they will be less liable to become addicted to its use, with the result that the community will not be burdened with so many inebriates.

The grand jury retired to its room where it began the investigation of the jail cases, after which it will take up the other cases that are brought to its notice. At noon Court adjourned until this morning at 10 o'clock.

The suit of James McClure against James McClintock, which is one of the most important cases on the docket will in all probability come up for trial at this term.

A Republican's Plain Talk.

The Maine Democrat, Waterville, Maine, says: "If Curtis Guild's editorial denunciation of J. Pierpont Morgan, recently printed in the commercial Bulletin of Boston, had been written by a prominent Democrat, instead of by a Republican ex-governor of Massachusetts, what a howl of 'demagoguery, socialism and anarchism' would have gone up from the Republican press of New England."

Editor Guild described Mr. Morgan as a "beefy, thick necked bully, drunk with financial power and charged him with defiantly breaking the laws of Massachusetts. He adds that opposition to Morgan and to Morgan rule is a part of a movement which will develop into a national propaganda for the people's rights."

"Language such as that on the part of Mr. Bryan, Senator Tillman or any other prominent Democrat would be greeted with sneers by our political opponents. What can they say when it comes not only from a Republican of Guild's standing but from a man who represents the real old fashioned, Harvard college, back bay aristocracy of the most conservative Northern State in the Union?"

"Guild's outbreak is but a sign of the present division in the ranks of the dominant party, a division which speaks well for its conscience and integrity and proves that there is still left in it a little of the spirit of Lincoln and that the sordid policy of commercialism which has so long dominated it does not appeal to all of its members."

"The Republican party may hold together for a long time, the patronage, its prestige, the cornering within it of the great business interests, all make for cohesion, but it will lose many of its most valued members unless it substitutes patriotism for dollar chasing."

A Fake Postal Savings Bill.

A dispatch from Washington to the Chicago Tribune, a Republican newspaper, says:

"It is asserted on excellent authority that Congress is prepared to pass postal savings bank bill which will not be constitutional, in the hope that it will be knocked out at an early date by the supreme court. Such a determination rests not with the men who have up to this time, been favorable to the postal savings legislation, but with the new supporters who have been swung into line by the demands of the President that such a law be passed."

"This latter element includes first of all, Senator Aldrich and those associates of his in the Senate who are known to be thoroughly opposed to the postal savings bank as a part of the country's financial structure. Aldrich has given the president assurances that the postal savings bank bill will be passed, and it is known now that this legislation will be enacted at no distant date."

"The situation as to the postal savings bank is therefore, that the controlling forces will unite in passing a bad bill, instead of settling down to an honest effort to enact a good measure that will hold water in the courts and insure a permanent institution of savings in connection with the federal postoffice machinery."

Trouble in the Cabinet.

A dispatch from Washington to the Chicago Record-Herald, says: "As might have been expected, the latest developments in the Balmage-Pinchot controversy, especially the involvement of Secretary of Agriculture Wilson in it, have started fresh rumors of friction in the cabinet. One of the rumors puts Secretary Wilson on the list for early resignation, but according to the best information to be gleaned around the White House this particular report is without foundation."

"Thus far President Taft has shown no disposition to doubt the integrity of his secretary of the interior as a result of the testimony taken before the congressional investigating committee, and he sees nothing in yesterday's developments, including the testimony of his secretary of agriculture, to cause him to lose any degree of confidence in the latter."

An Oddity.

The Ewing Enquirer says: "We have one citizen in Fleming county, Thomas Fields, who is now 65 years old, has lived in the county all his life, has never been to Flemingsburg, has never ridden on a railroad, has never been in a court room for sued or been sued. He is a man of average intelligence, but believes in living close to home."

Beneficiary of the Swope Will.

By the will of his uncle, the late Thomas H. Swope, of Kansas City, Felix Swope, son of Mrs. Annie M. Swope, a well-known young farmer of near Midway, will receive the magnificent sum of \$158,000, which with the estate inherited from his father, will make him probably the wealthiest young man in Woodford county.

Preparing for a Homecoming.

Bath county will be 100 years old January 15, 1911. It was formed out of Montgomery county January 15, 1811. There is some talk of suitably celebrating the centennial, and it is suggested that one feature of the event be a homecoming of all ex-Bath county people and their descendants.

Bradley's Bill.

Senator Bradley has made it almost a million that he seeks from the Senate as additional money for improving the rivers in and adjoining Kentucky. He offered amendments to the House Rivers and Harbors bill, making the sum available for continuing on the Kentucky river \$365,000. The House set this at \$85,000. This \$300,000 added to a \$100,000 increase, for cash available for Kentucky River improvements and \$500,000 for Louisville brings Senator Bradley's total to \$900,000. Senator Bradley secured unanimous consent of the Senate, to take the bill off the calendar and thus it was passed speedily.

Embarrassing, of Course.

Mr. Pinchot testifies that Secretary Wilson practically approved of Mr. Pinchot's action in writing his famous letter to Senator Dooliver. Secretary Wilson vigorously denies the charge and asks whether it is reasonable to believe he would authorize an attack upon the President. Of course it is all very embarrassing, particularly when Mr. Wilson is a member of the president's cabinet and at the same time an intimate personal friend of Mr. Pinchot. It is not, however, of the highest importance. The question "Why does Mr. Taft retain Mr. Ballinger in his cabinet?" is far more important than the Wilson-Pinchot controversy.

A Business Administration.

A Washington dispatch says that Secretary MacVeagh estimates that there will be a deficiency of more than \$24,000,000 in the ordinary receipts of the government for the fiscal year of 1910. But they should cut down their expenditures \$24,000,000 and still be a quarter of a billion dollars too high, according to Senator Aldrich, in their expenditures. If they cannot reach Aldrich's figures of economy they might try a thirty-four million dollar reduction. Surely that a party in addition to being a "God and morality" party ought to be able to handle a little financial problem like this.

Louisville Man Killed in Florida.

Roy Witherspoon, 23 years of age, formerly of Louisville, who was the victim of a mob riot at Perdido Beach, Fla., while protecting his employer's property died Friday in the Pensacola Hospital.

Witherspoon's death was the result of wounds received at the hands of Louis Donelson, who was the leader of a mob purposing to rid an Alabama county of negroes.

Witherspoon was the manager of a turpentine mill in the vicinity where the mob was formed and when it entered upon the premises of his employer he ordered the men back. The shooting followed.

Peary Championed in House.

Robert E. Peary was championed in the House Friday by Representative J. Hampton Moore, of Pennsylvania, who offered a resolution to accept the report of the National Geographical Society Committee acknowledging Commander Peary's discovery of the North Pole, as a true and competent statement to which shall be accorded the same consideration and respect it would be entitled to receive if made officially to the Congress of the United States.

Believing that the records of Peary insofar as they relate to tidal observations and soundings taken on his trip to the North Pole properly belonged to the public, Representative Hughes, of New Jersey, introduced a resolution directing the Secretary of the Department of Commerce and Labor to transmit to Congress, such reports as the Department may have in its possession.

Seeking Parole for Jett.

William, Sam and June Jett, brothers of Curt Jett, now serving a life sentence in the penitentiary at Frankfort for complicity in the killing of J. B. Marcum, are circulating a petition and gathering signatures of the people of Jackson and Breathitt county with a view to securing a parole for Jett.

Volcano Dust Obscures Sun.

Volcanic dust blown from three craters in eruption in Mexico and Central America, mingled with clouds of unusual density, was responsible for "the darkest day" in New Orleans and chickens went to roost several hours ahead of time Friday, according to Capt. John C. Soley, in charge of the local United States Hydrographical Office and a seismographical expert. Almost at midnight houses were lighted, and outside there was twilight.

Halley's Comet.

"The earth will pass through the tail of Halley's comet, which is 14,000,000 miles long, but will not be noticeably affected by it," said Rev. Father Charroppin, S. J., of St. Louis University. "We have been watching and studying the comet for the last three weeks," said Father Charroppin, "since it was first discerned by Prof. Cloud, in the constellation of Pisces, in the Western sky, near the horizon. It will be fully a month yet, however, before the comet can be discerned with the naked eye, but it can be plainly seen through a 3 1/2 inch telescope, from 7:30 to 8:30 o'clock p. m." As the comet approaches the sun, it will then be visible before sunrise. The comet will be nearest to the earth's path May 18. It will then be between the earth and the sun.

The comet was first established as a periodical visitor by Edmund Halley, an English astronomer, August 16, 1682, who predicted that it would reappear March 2, 1759. He died before that time, and the comet appeared a month later than the time he had predicted. It appeared again in 1835, and when it disappears this time it will not be seen again for about 75 years.

"Language such as that on the part of Mr. Bryan, Senator Tillman or any other prominent Democrat would be greeted with sneers by our political opponents. What can they say when it comes not only from a Republican of Guild's standing but from a man who represents the real old fashioned, Harvard college, back bay aristocracy of the most conservative Northern State in the Union?"

"Guild's outbreak is but a sign of the present division in the ranks of the dominant party, a division which speaks well for its conscience and integrity and proves that there is still left in it a little of the spirit of Lincoln and that the sordid policy of commercialism which has so long dominated it does not appeal to all of its members."

"The Republican party may hold together for a long time, the patronage, its prestige, the cornering within it of the great business interests, all make for cohesion, but it will lose many of its most valued members unless it substitutes patriotism for dollar chasing."

A Fake Postal Savings Bill.

A dispatch from Washington to the Chicago Tribune, a Republican newspaper, says:

"It is asserted on excellent authority that Congress is prepared to pass postal savings bank bill which will not be constitutional, in the hope that it will be knocked out at an early date by the supreme court. Such a determination rests not with the men who have up to this time, been favorable to the postal savings legislation, but with the new supporters who have been swung into line by the demands of the President that such a law be passed."

"This latter element includes first of all, Senator Aldrich and those associates of his in the Senate who are known to be thoroughly opposed to the postal savings bank as a part of the country's financial structure. Aldrich has given the president assurances that the postal savings bank bill will be passed, and it is known now that this legislation will be enacted at no distant date."

"The situation as to the postal savings bank is therefore, that the controlling forces will unite in passing a bad bill, instead of settling down to an honest effort to enact a good measure that will hold water in the courts and insure a permanent institution of savings in connection with the federal postoffice machinery."

Trouble in the Cabinet.

A dispatch from Washington to the Chicago Record-Herald, says: "As might have been expected, the latest developments in the Balmage-Pinchot controversy, especially the involvement of Secretary of Agriculture Wilson in it, have started fresh rumors of trouble in the cabinet. One of the rumors puts Secretary Wilson on the list for early resignation, but according to the best information to be gleaned around the White House this particular report is without foundation."

"Thus far President Taft has shown no disposition to doubt the integrity of his secretary of the interior as a result of the testimony taken before the congressional investigating committee, and he sees nothing in yesterday's developments, including the testimony of his secretary of agriculture, to cause him to lose any degree of confidence in the latter."

An Oddity.

The Ewing Enquirer says: "We have one citizen in Fleming county, Thomas Fields, who is now 65 years old, has lived in the county all his life, has never been to Flemingsburg, has never ridden on a railroad, has never been in a court room for sued or been sued. He is a man of average intelligence, but believes in living close to home."

Beneficiary of the Swope Will.

By the will of his uncle, the late Thomas H. Swope, of Kansas City, Felix Swope, son of Mrs. Annie M. Swope, a well-known young farmer of near Midway, will receive the magnificent sum of \$158,000, which with the estate inherited from his father, will make him probably the wealthiest young man in Woodford county.

Preparing for a Homecoming.

Bath county will be 100 years old January 15, 1911. It was formed out of Montgomery county January 15, 1811. There is some talk of suitably celebrating the centennial, and it is suggested that one feature of the event be a homecoming of all ex-Bath county people and their descendants.

Bradley's Bill.

Senator Bradley has made it almost a million that he seeks from the Senate as additional money for improving the rivers in and adjoining Kentucky. He offered amendments to the House Rivers and Harbors bill, making the sum available for continuing on the Kentucky river \$365,000. The House set this at \$65,000. This \$300,000 added to a \$100,000 increase, for cash available for Kentucky River improvements and \$500,000 for Louisville brings Senator Bradley's total to \$900,000. Senator Bradley secured unanimous consent of the Senate to take the bill off the calendar and thus it was passed speedily.

Embarrassing, of Course.

Mr. Pinchot testifies that Secretary Wilson practically approved of Mr. Pinchot's action in writing his famous letter to Senator Dooliver. Secretary Wilson vigorously denies the charge and asks whether it is reasonable to believe he would authorize an attack upon the President. Of course it is all very embarrassing, particularly when Mr. Wilson is a member of the president's cabinet and at the same time an intimate personal friend of Mr. Pinchot. It is not, however, of the highest importance. The question "Why does Mr. Taft retain Mr. Ballinger in his cabinet?" is far more important than the Wilson-Pinchot controversy.

A Business Administration.

A Washington dispatch says that Secretary MacVeagh estimates that there will be a deficiency of more than \$34,000,000 in the ordinary receipts of the government for the fiscal year of 1910. But they should cut down their expenditures \$24,000,000 and still be a quarter of a billion dollars too high, according to Senator Aldrich, in their expenditures. If they cannot reach Aldrich's figures of economy they might try a thirty-four million dollar reduction. Surely that a party in addition to being a "God and morality" party ought to be able to handle a little financial problem like this.

Louisville Man Killed in Florida.

Roy Witherspoon, 23 years of age, formerly of Louisville, who was the victim of a mob riot at Perdido Beach, Fla., while protecting his employer's property died Friday in the Pensacola Hospital.

Witherspoon's death was the result of wounds received at the hands of Louis Donelson, who was the leader of a mob purposing to rid an Alabama county of negroes.

Witherspoon was the manager of a turpentine mill in the vicinity where the mob was formed and when it entered upon the premises of his employer he ordered the men back. The shooting followed.

Peary Championed in House.

Robert E. Peary was championed in the House Friday by Representative J. Hampton Moore, of Pennsylvania, who offered a resolution to accept the report of the National Geographical Society Committee acknowledging Commander Peary's discovery of the North Pole, as a true and competent statement to which shall be accorded the same consideration and respect it would be entitled to receive if made officially to the Congress of the United States.

Believing that the records of Peary insofar as they relate to tidal observations and soundings taken on his trip to the North Pole properly belonged to the public, Representative Hughes, of New Jersey, introduced a resolution directing the Secretary of the Department of Commerce and Labor to transmit to Congress, such reports as the Department may have in its possession.

Seeking Parole for Jett.

William, Sam and June Jett, brothers of Curt Jett, now serving a life sentence in the penitentiary at Frankfort for complicity in the killing of J. B. Marcum, are circulating a petition and gathering signatures of the people of Jackson and Breathitt county with a view to securing a parole for Jett.

Volcano Dust Obscures Sun.

Volcanic dust blown from three craters in eruption in Mexico and Central America, mingled with clouds of unusual density, was responsible for "the darkest day" in New Orleans and chickens went to roost several hours ahead of time Friday, according to Capt. John C. Soley, in charge of the local United States Hydrographical Office and a seismographical expert. Almost at midday houses were lighted, and outside there was twilight.

Master's Sale

OF

House and Lot in City of Paris, Ky.

NOTICE OF SALE

Bourbon Circuit Court.
Charles N. Fithian, et al.,
on Petition.

By virtue of a judgement and order of sale made and entered in the above styled action at the November, 1909 term of the Bourbon Circuit Court, the undersigned Master Commissioner, will on

Saturday, March 26, 1910,

on the premises, on Pleasant street, Paris, Kentucky, at 10 o'clock a. m., sell at public auction, to the highest and best bidder, the property herein after described, to-wit:

"A certain house and lot in the city of Paris, Bourbon county, Kentucky, situated in the intersection of the South West angle of Pleasant street and Main Cross street, known on the plot of the Town as Lot No. 113 and 114, and running along Main Cross Street to the lot owned by the Kentucky Central Railway Co., thence with the line of said railway to the Eastern corner of Rion and Mitchell's brick warehouse lot, thence along the line of said warehouse and the line of Joseph Mitchell's lot to Pleasant street thence with Pleasant street to Main Cross street, the point of beginning, being the same property conveyed to Lucinda Fithian and her children by Reuben Hutchcraft's heirs, by Emmet M. Dickson, Master Commissioner of the Bourbon Circuit Court, recorded in Deed Book No. 57, page 613. Also the reversionary rights in the railway lot immediately in the rear of the said premises."

But there is excluded from the said boundary that portion of the above described property fronting sixty feet on Pleasant street and extending along Main Cross Street back the same width as in front, to the lot of the Kentucky Central Railway, and the reversionary rights in the railway lot immediately in the rear of this lot.

Said property will be first offered in two parcels and then as a whole and the best bid or bids aggregating the most money will be accepted.

Said parcels are described as follows: One parcel consisting of the stable lot, appurtenances thereon, and the reversionary rights in the railway lot immediately in the rear of said stable lot.

The other parcel consisting of the balance of the premises.

Said sale will be made upon credits of six, twelve and eighteen months for equal parts of purchase money, the purchaser or purchasers will be required to execute bonds with approved surety bearing interest at the rate of six per cent annum from day of sale until paid, payable to the undersigned Master Commissioner.

The interest of the infant plaintiffs, herein James Ford Fithian and Harry Brent Fithian, are not to be paid by the purchaser, but are to remain a lien upon the land in the hands of the purchaser until said infants become twenty-one years of age, or a bond is executed as provided in Section 433 of the Civil Code.

Halley's Comet.

"The earth will pass through the tail of Halley's comet, which is 14,000,000 miles long, but will not be noticeably affected by it," said Rev. Father Charroppin, S. J., of St. Louis University. "We have been watching and studying the comet for the last three weeks," said Father Charroppin, "since it was first discerned by Prof. Cloud, in the constellation of Pisces, in the Western sky, near the horizon. It will be fully a month yet, however, before 'the comet' can be discerned with the naked eye, but it can be plainly seen through a 3.12 inch telescope, from 7:30 to 8:30 o'clock p. m." As the comet approaches the sun, it will then be visible before sunrise. The comet will be nearest to the earth's path May 18. It will then be between the earth and the sun.

The comet was first established as a periodical visitor by Edmund Halley, an English astronomer, August 16, 1682, who predicted that it would reappear March 2, 1759. He died before that time, and the comet appeared a month later than the time he had predicted. It appeared again in 1835, and when it disappears this time it will not be seen again for about 75 years.

It was thought at one time that it would be a serious fire as the buildings surrounding it are of frame.

—Mr. Wm. Layson received a telegram Thursday announcing the death of Miss Grace Miller, of St. Louis, Mo., at San Antonio, Texas, where she had undergone an operation for appendicitis. Burial Sunday afternoon from her home, in St. Louis cemetery. Miss Miller was a granddaughter of the late John Clark Miller, who formerly resided here, and was one of the prominent men of Central Kentucky. Her father was drowned about two years ago while out with a fishing party in Minnesota. She has a large number of relatives and friends here.

—For those that have learned that the annual formal reception of the Seniors and the Juniors of M. F. C. is a leading event of Millersburg's social life, the brilliant reception given Friday evening was no disappointment. There are thirty-five seniors and juniors this year—an unusually large number. With all these charming young ladies as hostesses, the three hundred guests present were allowed to have no dull moments. The college home has never looked more attractive.

Red and green was the color schemes used in the parlor decorations. The dining room was decorated in smilax and red carnations, and lighted by red-shaded candles. Here was served a dainty lunch of pepper sandwiches, pickles, potato chips, fruit salad, and pineapple sherbert. A favorite resort was the long corridor decorated with many college pennants and pillows. The Lexington Opera House Orchestra furnished delightful music for the occasion.

The guests from out of town were Mr. Robert G. Stephens, of Birmingham, Ala.; Miss Elizabeth Martin, of Colorado Springs, Colo.; Miss Scobee, Messrs. Fitch, Graham, Johns, Day and Emmons, of Winchester; Messrs. Harrison and Leach, Messrs. Campbell, Scott, Baker, Crockett and Miles, of Lexington; Messrs. Saunders, Weiler, Taylor, T. Y. Williams, J. STOCK, CROP AND FARM NOTES.

—Statistics were quoted at the sheep breeders' meeting at Frankfort showing that the number of sheep in Kentucky has increased from 600,000 to 1,070,000 since the dog law went into effect.

—At a recent meeting of the Board of Directors of the Montgomery County Fair Association it was decided to hold the second annual county fair on Tuesday, July 19, and continue for five days. The fair grounds will be improved and many conveniences added.

—Perhaps the highest price ever realized on two hogs fattened for market in Fayette county was paid Saturday, when Ed Pinrod, a farmer residing on the Richmond pike, sold two fine specimens to Deputy Sheriff Chas. L. McKenna for \$107. The hogs weighed 1070 pounds and the price paid was ten cents per pound.

—The racing interests of Canada have lost their case before the special committee of Parliament at Ottawa, Canada, which has been dealing with the Miller track anti-gambling bill. By a vote of 5 to 7 the committee decided to report the bill favorably, and if it passes the House this week and the Senate to which it goes later, there will be no more bookmaking on any race track in Canada.

—The Richmond Register says: "Courtday brought only a fair sized crowd to town Monday, but business was brisk. Auctioneer W. P. Brewitt reports that plug mules sold from \$30 to \$80, plug horses \$15 to \$95, good single mules \$115 to \$175. There were about 700 cattle at the Madison stock yards, which were disposed of at prices ranging from \$1.2 to \$1.2 cents."

—It has been suggested that the farmers test kernels of their seed corn before planting. Test each ear to make sure that it will germinate. It is stated on reliable information that a large percentage of last year's crop was damaged by the severe cold weather early in the winter and in order to avoid the possibility of having a short crop this year it is advisable to test your corn before you plant it this year.

Corset Ancient Armor.

A French historian of women's dress states that the corset was worn by the ancient Egyptians. This assertion is borne out by the figures carved on the tombs of women, who are invariably represented as wearing a garment strongly resembling the modern corset. There does not appear to be any representation extant of Cleopatra VI., the beloved of Antony, but in one of the temples there is a figure of her predecessor, Cleopatra II., in which the sculptor has endowed her with a corset cut on the lines of those worn today. Whalebone was probably unknown to the Egyptians, but a nation capable of constructing pyramids without steam cranes would probably find no difficulty in making stays without busks.—London Chronicle.

His Favorite Song.

There is a young optician in Denver who sings very well, says the Post of that city. The other night he was making a call on a couple of sisters up on Corona street when he was asked to sing.

"What shall it be?" he asked as he went to the piano.

"Your favorite song," said one of the girls.

"All right," he replied, and then the optician sat down and sang "The Night Hath a Thousand Eyes."

Slump in Potatoes.

While the price of other food stuffs soars sky-high, there is one article that remains in the slump, due either to prospects of a larger crop this season or an overproduction last year, and that is the potato. The local markets for the past week have been glutted with the offerings of potatoes and prices quoted compare very favorably with those of the markets of the larger cities, which ranged from 42 to 45 cents per bushel.

Local firms who last year put their money in potatoes with a view of realizing handsomely on their investment will find themselves big losers if the price of potatoes continues to slump. Last fall, one firm of this city harvested a crop of 1,500 bushels and added to their stock 1,000 bushels for which they paid fifty cents, and instead of realizing upon their investment will be compelled to dispose of their accumulation at a sacrifice.

The acreage planted in potatoes this year, promises to exceed the acreage planted last year and with a favorable season the crop will be far in excess of any in recent years.

Wall Paper of Quality.

We are showing, without doubt, the finest and best line of special selected papers ever exhibited in this city. Each and every pattern bought for its special use. Elegant papers suited for each and every room in the house from 5c to \$3 per roll. We can please you. Come in and have a look.

BORLAND.

No Extra Session.

Members of the Legislature can pack their grips tonight and leave Frankfort Wednesday morning and they can make their plans to that end, now, for there will not be a special session of the Legislature immediately following the present regular session. Whether or not there will be a special session later has not been determined by Governor Willson, but he told members of the Legislature Sunday that he will not call an extra session to begin Wednesday, the day after the regular session.

Laymen Meet.

Laymen representing the various religious denominations of the city, held a meeting after the regular service at the Presbyterian church Sunday evening, and discussed the subject of the co-operation of the Paris churches in an interdenominational revival which is in contemplation for a future date. The meeting was presided over by the Rev. Geo. W. Clark, of the Baptist church, and addresses were made by the following representatives of the Paris churches: Rev. M. T. Chandler, of the Methodist church; Messrs. W. O. Hinton, of the Christian church; Henry Power, of the Methodist church; Dr. Frank L. Lapsley, of the Presbyterian church. A special musical program for the occasion was rendered.

Good Weather Promised.

If there is anything in the groundhog theory we may be looking out for good weather from now on. Tomorrow will be the last day for the groundhog to enjoy his last six-weeks' sleep and will emerge from his hole to enjoy spring weather. While it is always expected that St. Patrick's day will be greeted with a cold flurry, still the weather man has promised us warmer weather and it is to be hoped that his predictions will come true.

Paris Defeats Richmond.

The Paris High School girls' basketball team defeated the girls of the Richmond High School in the latter city Saturday night by a score of 6 to 4. The game was a brilliant exhibition of basket ball and pronounced by many to have been the best ever seen in Richmond. The line-up was as follows:

Richmond—Forwards, Mary Allman and Annie May Walker; center, Bessie Malloy; guards, Mary Doty and Mattie Pegg.

Paris—Forwards, Olive Taul and Nellie Rummans; center, Mary Lou Rice; guards, Freida Heller and Ethel McGinley; Elsie Heller, captain.

Prisons in Fine Shape.

The Legislative Committee authorized to investigate the conditions of Kentucky prisons have completed their work and will make their report to the Legislature today. The report is exhaustive and the findings are highly complimentary to the present Prison Commissioners. The convicts were found to be well-fed, clothed and their tasks light. The punishment given intransigent prisoners was found not to be excessive.

RELIGIOUS.

—The Rev. Hugh McLellan, pastor of the First Christian church of Richmond has tendered his resignation to that congregation to accept the pastorage of the Central Christian church of San Antonio, Texas. He will leave in a few weeks to take up his duties in the new field. The church to which he goes is one of the largest and wealthiest in San Antonio.

NOTICE OF SALE.

Bourbon Circuit Court.
Harry Stamler, etc., Plaintiffs,
vs.
Samantha Walls, etc., Defendants.

By virtue of a judgment and order of sale made and entered in the above styled action at the November, 1909, term of the Bourbon Circuit Court, the undersigned assignee of Mrs. Samantha Walls, will on

Monday, March 21, 1910,

about the hour of 11 o'clock a. m., expose to public sale at the court house in Paris, a very desirable city residence located on the East side of Main street in Paris, Ky., and bounded as follows, in deed from Stamler and wife to Samantha Walls:

"A certain lot of ground and all the improvements thereon, situated on the South side of Main street, Paris, Ky., fronting 54 feet, more or less, on said street, running to the corner of J. T. Sharrard to the center of the driveway, between the property herein conveyed and the property of the first parties, and running back of equal width a distance of 214 feet more or less, bounded on one side by the property of J. T. Sharrard and on the other side by the property of Harry Stamler and Gertie Stamler; and the parties of the first part expressly reserved the right to the center of the driveway which lies between the property conveyed herein and the property of the first parties but, grants to the second parties the same right."

The above residence is a new two-story frame dwelling of seven rooms, with all modern conveniences; electric lights, gas and water. The house is of good material and workmanship. Healthful and desirable surroundings, good neighborhood, convenient to business center and near the interurban railroad. A rare opportunity to purchase a desirable home.

TERMS—Credits of six and twelve months for equal parts of the purchase money, the purchaser to execute bond with good surety bearing 6 per cent interest from date.

ROBERT C. TALBOTT, Assignee.
E. M. Dickson, Attorney.
M. F. Kenney, Auctioneer.

Notice.

To whom it may concern:
Notice is hereby given that I will on Tuesday, April 5, 1910, apply to the Board of Prison Commissioners at Frankfort, Ky., for a parole for James, alias Bud Warren, convicted at the March term, 1909, of the Bourbon Circuit Court of manslaughter.

Buys Texas Land.

Mr. Carl Crawford has returned from Texas where he purchased a tract of land near the Cross S Ranch which is located in Southern Texas. Mr. John Spears, who accompanied him on the prospecting trip remained on the ranch purchased by Mr. Crawford. Mr. Lee Spears will leave this week to join his brother. Mr. John Wiggins, of Hutchison, also purchased a large tract of land. Mr. Crawford speaks in glowing terms of the territory in which his tract of land is located stating that the soil is very fertile and well adapted to the growing of most any crop.

Real Estate is On a Boom.

The early erection of nearly fifty residences, some of which are now under way, the building of nearly fifty new tobacco barns in various sections of the county, two new churches and several fine business houses in the city besides the early commencement of work on a large scale by the Louisville & Nashville railroad in the improvement of depots, bridges and yard trackage is having a tendency to give renewed impetus to business affairs and merchants look for active trading. Transfers of real estate continues as the absorbing topic in financial and business circles and almost daily some piece of city or country property changes hands at unusually high prices.

Work to Begin on Traction Line.

Work on the traction line to connect this city and Cynthiaiana will commence between the first and fifteenth of April, according to information given out by those at the head of the project. All that now remains to be done toward this is the letting of the contracts for the construction work.

The work of construction will be begun at this end of the line, and will be pushed as rapidly as possible. The right of way laid out in the survey accepted by the capitalists, has been secured with the exception of that through one farm, but it is believed that little difficulty will be encountered in securing permission to go through the farm.

The line between Cynthiaiana and Paris, a distance of about sixteen miles, will intersect the line of the Paris and Lexington interurban road at Seventh street in this city, out Seventh to Houston Avenue, along Houston to Second street, on the Peacock pie to the bridge crossing Stoner, and will then make a cut across the country to the old Townsend pike, along this pike to Lair and from thence to Cynthiaiana.

Blue Grass Park.

During the past fall and winter and continuing now until spring we have paid much attention to the permanent improvements of the park.

We have planted trees and shrubbery, cleared old grass away and sown seed. We expect to have rather a good lawn turf for the coming summer.

We will have new and stronger benches. New walks and improved baseball diamond and tennis courts. In the early summer we will plant flower beds.

Our object is to make the Blue Grass Park a most desirable place for picnic parties.

Churches, Sunday Schools, Societies, Lodges and Families will find it a most desirable place to spend a warm summer day or evening.

It will be well cared for and properly policed. All objectionable persons will be barred from the grounds.

Special excursion rates and arrangements for special days and extra car service can now be arranged for.

If you are looking for a place to hold a summer outing kindly communicate with the General Superintendent, at Lexington, Kentucky.

Bill Nye's Philosophy.

Bill Nye had the truth well told when he said: "A man may use a wart on the back of his neck for a collar button; ride on the back coach of a railroad train to save interest on his money till the conductor gets around; stop his watch at night to save wear and tear; leaves his 'i' or 't' without a dot or cross to save ink; pasture his mother's grave to save corn, but a man of this sort is a gentleman and a scholar compared to the fellow that will take a newspaper two or three years and when asked to pay for it puts it back into the office and has it marked 'refused'."

Adopts Pledge for 1910 Crop.

The District Board of the Burley Tobacco Society, which held a two days meeting at Lexington, adjourned Wednesday afternoon at 5 o'clock, to convene again on April 12. In the meantime preparations for the opening of the campaign in this and surrounding counties will be begun by the various boards of control.

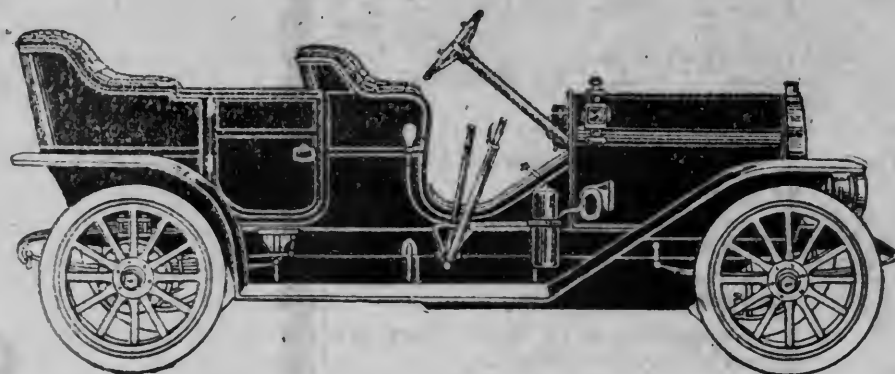

The pledges as adopted Wednesday will be printed and distributed and all details will be rushed so that the pooling campaign in all districts may be begun as soon as possible.

Both the morning and afternoon sessions of the District Board were occupied with a discussion of the pooling contract for the 1910 crop of tobacco. The pledge was unanimously adopted. The pledge is substantially the same as the 1909 pledge and but three changes were made.

REDI'S EXPERIMENT.

Out of It Grew the Great Fabric of the Germ Theory.

It was a fixed belief of the ancients that many living creatures could come into existence in a spontaneous fashion, to which allusion has often been made. The true beginning of the germ theory arose out of a ludicrously simple observation made by Redi, a Florentine physician, about the middle of the seventeenth century. He debated with his conferees in Florence the question of the origin of the maggots appearing in decomposing meat. The old view held, of course, that the maggots were bred within dead and putrefying substances. Redi, taking a piece of meat, covered the mouth of the jar in which it was contained with a piece of fine gauze. He beheld the flesh flies, attracted by the smell of the decaying meat, coming to deposit their eggs, after the manner of their kind, in the decomposing substance. The gauze, however, kept them from effecting this natural object, with the result that the eggs were laid on the surface of the gauze and the maggots there hatched out, while the decay of the meat went on uninterruptedly without a single maggot appearing in its substance.

On this childishly simple experiment the great fabric of the germ theory of today was founded, for if the law of universal parentage applied to the case of maggots and meat it was clear, argued Redi, that it must apply universally. Subsequent experimentation proved the words to be true, and so today, when our attention is focused upon germs or microbes so minute that we might accommodate many hundreds of thousands of them on the surface of a postage stamp, we again come face to face with Redi's first principle that each germ could only have sprung from a preceding and parental organism.—Brooklyn Eagle.

Best Stomach Remedy Free

It is an old saying that if the stomach is sound the whole body is safe, because so much depends upon the proper working of the stomach. Many persons find themselves with a disorder of the stomach which produces dyspepsia or a peculiar state of biliousness.

If you suffer from both stomach trouble and constipation you are on the way to a very serious disease. From just such conditions come appendicitis, rheumatism, skin diseases and similar disorders, because the waste matter that should have been expelled from the system through the bowels has found its way into the blood and vitiated it. What is needed at this point is not simply a violent cathartic tablet or salt, which usually does more harm than good, but a gentle laxative tonic like Dr. Caldwell's Syrup Pepsin, which people have been using for these ailments for nearly a quarter of a century. It cured J. C. Latham, of Warrensburg, Mo., of stomach trouble of long standing, also William Voll, of 502 Ellisson St., Louisville, Ky., who had the trouble for fifteen years.

However, if you have stomach trouble you want to know from personal experience what Dr. Caldwell's Syrup Pepsin will do for you. If so, send your name to the doctor and a free trial bottle will be sent you. You are urged to send for the free bottle, as the results from it will be the best recommendation of Dr. Caldwell's Syrup Pepsin. Then you will do as over two million people did last year—go to your druggist and buy a regular bottle at 50 cents or \$1, according to the size you prefer. We could mention hundreds and hundreds of families who never without it. You can never tell when some member of the family will need a laxative, and then no time should be lost taking Dr. Caldwell's Syrup Pepsin.

If there is anything about your ailment that you don't understand, or if you want any medical advice, write to the doctor, and he will answer you fully. There is no charge for this service. The address is Dr. W. B. Caldwell, 509 Caldwell bldg., Monticello, Ill.

would have been about as welcome to A. Cooper, of Oswego, N. Y., as a merciless lung-racking cough that defied all remedies for years. "It was most troublesome at night," he writes, "nothing helped me till I used Dr. King's New Discovery which cured me completely. I never cough at night now." Millions know its matchless merit for stubborn colds, obstinate coughs, sore lungs, lagrippe, asthma, hemorrhage, croup whooping cough or hay fever. It relieves quickly and never fails to satisfy. A trial convinces. 50 cent and \$1.00. Trial bottle free. It's positively guaranteed by Oberdorfer.

A Puzzler.

Small Boy (studying Sunday school lesson)—Mamma, does the water in a river run backward part of the time? Mamma—Of course not, my dear. Small Boy—Then how can the bread that you cast on the waters come back to you?—Chicago News.

Don't Break Down.

Severe strains on the vital organs, like strains on machinery, cause break-downs. You can't overtax stomach, liver, kidneys, bowel or nerves without serious danger to yourself. If you are weak or rundown, or under strain of any kind take Electric Bitters the matchless tonic medicine. Mrs. J. E. Van de Sande, of Kirkland, Ill., writes: "That I did not break down, while enduring a most severe strain, for three months, is due wholly to Electric Bitters." Use them and enjoy health and strength. Satisfaction positively guaranteed. 50 cents at Oberdorfer's.

Bond Issue Passes.

The Senate yesterday passed the bill authorizing the issuing of \$500,000 worth of bonds by the State to relieve the present financial stringency. The bill was defeated twice earlier in the session, but it received 27 votes yesterday. It is believed it will have rough sledding in the House.

It Saved His Leg.

"Al thought I'd lost my leg," writes J. A. Swensen, of Watertown, Wis. "Ten years of eczema, that 15 doctors could not cure, had at last laid me out. Then Bucklen's Arnica Salve cured it, sound and well." Infalible for skin eruptions, eczema, salt rheum, boils, fever sores, burns, scalds, cuts and piles. 25 cents at Oberdorfer's.

BLUE GRASS LEAGUE NOTES.

Rex Golden, conceded by many to be the best pitcher in the Blue Grass League, last season, has been purchased by the Richmond club from Louisville. At the close of last season Richmond sold Golden to the Pittsburg club of the National League, who later disposed of him to Louisville. Golden will be a Pioneer this season, that is a cinch, and the Richmond fans are jubilant over the success of President Greenleaf in securing the services of the big fellow for this season.

Infielder Fritz Hoffman, one of the stars of the Blue Grass League last season, has signed a contract to play with the Frankfort club again this season. Hoffman will probably cover short for the Frankfort club this season, as Manager Warren will play third himself.

Stewart Strader, the Lexington base ball player who was one of the star outfielders of the Blue Grass League last season, and for a short time led the league in hitting, has signed to play with the Davenport, Iowa team of the Three-Eye League. Strader will leave in two weeks to report for duty.

The lineup of the Frankfort Base ball team in the Blue Grass League for this season is practically complete. Secretary Ben Marshall states that the following men have been signed: Catchers, Flood, Angemeier and Snyder; pitchers, Cornell, Yerkes, Melvaine, Ferguson and Jefferson; first base, Sinex; second base, Herrell and Walker; shortstop, Hoffman and Burke; third base, Warren; left field, Townsend; center field Swartz; right field Sperber.

Lion Bock on Tap.

Lion Bock beer is highly recommended as a tonic, containing all the nourishing qualities that are essential to building up the system in the spring. Physicians recommend its use. On tap at my saloon or sold in the bottle for family use. 15c. T. F. BRANNON, Agent.

Mob Chases Patton.

A hostile demonstration on the floor of the Cotton Exchange at Manchester, Eng., and one directly contrasting it for friendliness on the corn exchange at Liverpool, were met with Friday by James A. Patton, Chicago wheat and cotton operator.

In the first Patton was mobbed and probably escaped injury only by being rescued by the police; in the latter he was greeted with cheering and other manifestations of friendliness. Patton sailed from Liverpool to New York Saturday.

To The Public.

I desire to say that when I took the agency for Zemo, it was after a thorough investigation as to the merit and curative properties of this remedy for eczema, pimples and dandruff. I frankly admit, Zemo has far exceeded my expectations as a cure for skin diseases. I am pleased to state that I shall continue the agency as Zemo gives the best satisfaction of any similar remedy I have ever sold. My customers like Zemo because it is a clean, vegetable liquid for external use. Zemo cures by drawing to the surface of the skin and destroying the germ life that causes the disease, leaving the skin clean and healthy. It does not soil the clothing or linens and can be used freely on infants. We will give a booklet on skin diseases and explain to any person how they can be cured at home of any form of skin or scalp disease by this clean, scientific preparation. W. T. Brooks, the Druggist.

Taft's Private Wire.

A private wire from the house of Charles P. Taft and Company in Cincinnati, to the White House in Washington is being arranged with the American Telephone and Telegraph Company. The 725 miles of wire will be at the service of Charles P. Taft from 6 p. m. to 6 a. m.

No outside hands will manipulate the switchboard plugs and no outside ear will hear the personal conversations of the brothers. The wire it is said will cost Mr. Taft \$24,000 a year.

Diamond Trade Improves.

The diamond industry, which in 1906 suffered severely from the effect of the 1907 financial crisis in the United States, commenced to show decided improvement in the beginning of 1909. The rapidly increasing prosperity of the United States, which absorbs 60 per cent of the diamond production of the world, caused renewed purchases, so that in the early spring all the diamond shops of Amsterdam were at work in full force to supply the demand. Conditions have steadily improved and the trade prospects are exceptionally good.

Afraid of Ghosts

Many people are afraid of ghosts. Few people are afraid of germs. Yet the ghost is a fancy and the germ is a fact. If the germ could be magnified to a size equal to its terrors it would appear more terrible than any fire-breathing dragon. Germs can't be avoided. They are in the air we breathe, the water we drink.

The germ can only prosper when the condition of the system gives it free scope to establish itself and develop. When there is a deficiency of vital force, languor, restlessness, a hollow cheek, a hollow eye, when the appetite is poor and the sleep is broken, it is time to guard against the germ. You can fortify the body against all germs by the use of Dr. Pierce's Golden Medical Discovery. It increases the vital power, cleanses the system of clogging impurities, enriches the blood, puts the stomach and organs of digestion and nutrition in working condition, so that the germ finds no weak or tainted spot in which to breed. "Golden Medical Discovery" contains no alcohol, whisky or habit-forming drugs. All its ingredients printed on its outside wrapper. It is not a secret nostrum but a medicine of known composition and with a record of 40 years of cures. Accept no substitute—there is nothing "just as good." Ask your neighbors.

Rev. Mann to Speak.

Rev. E. G. B. Mann, pastor of the First Methodist church, South, Lexington, formerly of this city, will be one of the principal speakers at the banquet to be given at the Raleigh house in Washington, D. C., on Friday, March 18 at which time the movement planned by the Southern Methodists of the United States to erect a national church at the national capital to cost approximately \$350,000 will be formally launched.

Kentucky War Claims.

If Senator Bradley has his way a number of Kentucky war claims will be included in the Senate omnibus bill now being framed. The Senator has been urging certain meritorious claims which he has personally investigated,

with particular attention to churches, schools and fraternities. Senator Paynter is a member of the Claims Committee, and he is also giving his personal attention to meritorious Kentucky claims. He has a list also. The claims which Senator Bradley is trying to get into the bill included those of the Baptist and First Presbyterian Churches of Paris.

Price Withdraws.

The Hon. W. J. Price, who has been a candidate for the Democratic nomination for Congress in the Eighth district, has withdrawn. In a statement he declared that the action of the district committee in its call for a primary practically destroyed his chances for success.

State University Trustees Meet.

A meeting of the Executive Committee of the Board of Trustees of State University was held Saturday morning at 11 o'clock, at which the principal business was the appointment of Prof. James G. White, president pro tem of the University.

Prof. White who has been vice-president of the University since the death of J. H. Neville, will be at the head of the University until the president-elect Judge Henry S. Barker takes up his duties next June.

The appointment of a president pro tem was made necessary by the fact that President Patterson resigned his place on January 15, and it was felt it would be better to have someone at the head of the University in name, as Prof. White had been in reality since the resignation of President Patterson. Those present at the meeting were R. C. Stoll and C. B. Nichols, of Lexington, and Cassius Clay, of Paris.

Mammoth Hatchery.

Col. E. W. Lillard, former representative of Boyle county in the lower House of the Kentucky Legislature, as made arrangements to establish a mammoth chicken farm on his place in Danville. A monster concrete brooder building will be erected sufficient to hatch 6,000 eggs at one time. Col. Lillard proposes to hatch out 6,000 eggs every three weeks the year around. The establishment will be heated by steam and the hatchery will go on in winter the same as in the summer time.

Bottled Bock.

Lion Bock beer in the bottle is the beer for family use. It is recommended by eminent physicians as a spring tonic, and will meet the requirements of such a necessity at this season. Order a case for use in the home. 154t T. F. BRANNON, Agent.

Big Strike Threatened.

Admission were made on both sides Saturday night that the controversy between 30,000 firemen, operating on 150,000 miles of railroads west, north-west and southwest of Chicago, and the railroad managers, had become critical, and that the question of a strike, tying up practically all systems between here and the Pacific Coast, would be settled within forty-eight hours.

THEATRICAL.

"THE BILLIKEN MAN."

—One of the biggest features in noted novelties before the American theatre going public today, is the "Billiken Man" song in the new "Buster Brown," which will appear at the Paris Grand on March 22. The song dancing girls in the costumes of the "Billiken Man," which consists of bodies and heads designed and made especially for this big feature, and which are fully protected by copyright, are certainly unique and funny, but fully represent their meaning, that of "Billiken, Man or God of Luckiness and Good Fortune." The girl feature, the Billiken, is so cute that half the children in the audience want to take them home for souvenirs, for they appear not much bigger than the Billiken sold in the shops, but a great deal more cunning. The song used by the same name is of the whistling kind and has become very

popular.

In the Billiken number, which is the hit of the show, there appears in the wake of the regular chorus girls "Billikens," a tiny pink pajamed Billiken, whose toddling dance helps to make the number the feature that it is. When in response to the usual repeated encores the tiny mite removes her Billiken mask the smiling face of a tot apparently not more than four years of age is revealed. Yet Miss Rice, the diminutive Billiken, is decidedly more than four years of age. Her manager says she is sweet sixteen, but there are many who will doubt that she has reached the fourth part of it. Little Miss Rice is the "baby sister" of Master Herbert Rice, the midget Buster. She made her first appearance last week in St. Louis in the "Billiken" number. She coaxed to be allowed to go on the stage, and her wish was gratified. Hitherto Miss Rice has remained securely at home, but her mother being dead Master Herbert Rice wanted to have her with him, so they are travelling together.

She will be much smaller than Master Herbert Rice when she has her full growth. The father and mother of the Billikens were both of normal size.

Tobacco Beds All Seeded.

—The last week closed with practically every tobacco bed being seeded and with large acreages of land turned by the plow. This week preparations for seeding oats will commence and before the week closes and with fair weather the crop will have been planted. Potato planting will also be in order and some farmers have already prepared the tubers and are getting the ground in shape for their reception. The season is at least three weeks ahead of last year, although at this time one year ago farmers had more land plowed than at the present time.
